All I Ever Needed to Know about Life I Learned from the Easter Bunny

Don’t put all of your eggs in one basket.
Walk softly and carry a big carrot.
Everyone needs a friend who is all ears.
There’s no such thing as too much candy.
All work and no play can make you a basket case.
A cute little tail attracts a lot of attention.
Everyone is entitled to a bad hare day.
Let happy thoughts multiply like rabbits.
Some body parts should be floppy.
Keep your paws off other people’s jellybeans.
Good things come in small sugar-coated packages.
The grass is always greener in someone else’s basket.
An Easter bonnet can tame even the wildest hare.
To show your true colours — you have to come out of your shell.
The best things in life are still sweet and gooey.
