: The Course Archive Project (CAP) is a database which will allow you to upload files related to courses that can be shared with the rest of the department. CAP is almost ready to go online, http://cap.math.yorku.ca, and the target starting date for use by the entire department is mid-December. Your attention is required to it because it will need the participation of everyone to be a successful tool that will help us achieve our UUDLES mandate and with future UPRs. If you are interested in trying it out while it is still in the testing phase please request a password from support@math.yorku.ca.

: Everyone and Teachers Email List: If you have a visitor or post-doc and would like them to be kept informed of seminars and other events, please email srainey@yorku.ca with their email address. They will be placed on the ‘everyone’ email list. If you are teaching this term but are not receiving any emails from the ‘teachers’ list, please inform srainey@yorku.ca immediately.

And some places you been before are so great that you don’t ever mind going back. Some places you been before you don’t ever want to go back, you know, like Montreal in the Winter.
