Monday, February 27 to Monday, March 5, 2012

Tuesday, February 28

: Departmental Council Meeting which would normally be held today has been cancelled.

Friday, March 2

: Statistics Seminar: Heather Krause, founder and principal statistician at Datassist (www.datassist.ca), will give a talk entitled “How to Effectively Communicate Statistical Results” (Subtitle: The Most Important Statistical Skill I’ve Learned Since Graduating) at 9:30a.m. in N638 Ross.

Reminders/Announcements:

: CONGRATULATIONS! to Rory Lucyshyn-Wright (MA). His integration paper has been accepted by Advances without any request for revisions. Congratulations also goes to his supervisor, Walter Tholen.

... no year divisible by 100 would have a leap year, except if it was divisible by 400. Thus, 1900 was not a leap year ... but 2000 was.
